INTRODUCTION

ATMOS INTEGRATED SERVICES LIMITED is an Indigenous Mechanical, Electrical, Plumbing, and Fire-fighting (MEPF) Solutions Contracting Company with expertise in Design, Build, Construct, Supply, Install, Service, Upgrade, and Maintenance of Electro-Mechanical Systems & Networks, Utilities, and Equipment for building and industrial services.

Our scope covers Engineering, Documentation, Submittals-Approval, Shop drawings, Coordinating Drawings, Commissioning, Start-Up, As-Built Drawings to Contract Programs, Project Time Schedules – Complying Consultant Specifications, International Standards & Codes, Safety & Quality Plans.

OUR CORE VALUES

Our core values impact all the aspects of your business

CUSTOMER SATISFACTION

We approach each project individually to meet any criteria our clients might have as well as to comply with all regulations in the country where the project is implemented.

TEAMWORK

We build human synergy by collaboration, to amplify the results of each member of our team so that the cumulative outcome exceeds the actual achievements made by each member.

SAFETY

Our commitment to providing a safe workplace motivates us to engage with our workers through education, training, hazard identification, and remediation.

QUALITY

We are committed to excellence and doing it right. In the eyes of every client, our trust is built on the value we offer. Our company's ethos is that of continuous growth.

WHO WE ARE

Our core objective is to execute all projects under technical and financial strategies to fit the distinctive character of each project and to achieve the maximum benefit for our customers.

We offer reliable & effective delivery of services.

Since our inception in 2012 we have prided ourselves in;

Being
thorough and
process-driven.

Being
valuable by
value addition
and cost
optimization

Being
relationship-
driven and
clear, precise,
and transparent
in our business
dealings

Being a learning
organization and
investing in
upgrading our skills
and mechanization of
our process. We are
proudly Nigerian with
a Global mindset

Striving towards
being an equal
opportunity
employer.

Continuously
improving our Quality,
Health, Safety & the
Environment (QHSE)
management systems
and processes.

ABOUT THE COMPANY

ATMOS has the capability to undertake design of Mechanical and Electrical Engineering Facilities and subsequently carry out the Engineering Procurement and Construction (EPC) of various types of Mechanical & Electrical, Plumbing, Fire Fighting & Sprinkler projects.

We are a building services company, passionate about customer satisfaction, best practices and standards compliance. We are in business to continuously raise the bar in the delivery Mechanical and Electrical Engineering services that meets the quality standards, performance and price aspirations of our customers while reducing maintenance and support requirement to the barest minimum.

The firm is registered with the Corporate Affairs Commission
RC No: 1079495

WWW.ATMOSNG.COM

OUR VISION

To be the largest and the most preferred Air-conditioning (HVAC), Electrical Distribution, Plumbing & Fire Suppression System Contractor In Nigeria/West Africa.

WWW.ATMOSNG.COM

OUR MISSION

To be the largest and the most preferred Air-conditioning (HVAC), Electrical Distribution, Plumbing & Fire Suppression System Contractor by using the synergy of our collective experiences to provide comprehensive, prompt, and cost-effective services that ensure customer satisfaction and continuous patronage.

WHAT WE OFFER

OUR OBJECTIVE IS TO BECOME PREFERRED
CONTRACTOR IN OUR FIELDS OF CORE
COMPETENCE BY REFERRALS.

HEATING, VENTILATION & AIR-CONDITIONING (HVAC) ENGINEERING SOLUTIONS

Typically, HVAC operating costs are the highest operating expenses (opex) for buildings. By careful equipment selection, design optimization, and careful installation, we assure you a return on your investment in a trouble-free and environmentally sensitive manner.

We are also fully equipped for air filtration, treatment for Post-Covid safety protocols, and general indoor air quality.

ATMOS Ltd as an experienced HVAC contractor takes on all industry challenges with our expertise and technological advancements in the business.

WHAT
WE
OFFER

Our HVAC Services include (but are not limited to);

- Post-Covid air filtration and anti-disease vector treatment of air and retrofitting.
- Fabric Duct & Installation (Various Colors)
- Sound Attenuation/Silencers.
- Free-blow, High-wall Split & Window Units
- Chilled Water System Installation
- Installation of Exhaust Fans
- Installation of Chillers, AHUs, FCUs, FAHUs
- Installation of Package Units
- Valve Package for AHUs, Chillers, FCUs & Pumps
- Installation of CHW pumps / Chemical Dosing Unit / Pressurization Units
- Installation of VCD/FD/NRD/Split Dampers
- Aluminum Cladding Works (Pipe & Duct)
- CHW Pipe Pressure Testing
- Heat Recovery Equipment
- Ecology Unit Installation Systems
- Ventilation & Smoke Extraction System (Extractor fans, Kitchen Hood)
- Chemical Flushing & 3rd Party Testing
- Air Balancing System
- Annual Maintenance Contract on HVAC Systems

WHAT
WE
OFFER

We also have a duct and steel fabrication workshop. Our duct and fittings are fabricated in-house to exact SMACNA, SW149, ASTM industry standards.

Lead by a highly qualified group of Techno-Commercial professionals and skilled labor force, we render the best services by providing one-stop solutions from design and installation to maintenance and after-sales support.

HEATING, VENTILATION & AIR-CONDITIONING (HVAC) ENGINEERING SOLUTIONS

HEATING, VENTILATION & AIR-CONDITIONING (HVAC) ENGINEERING SOLUTIONS

ELECTRICAL ENGINEERING SOLUTIONS

We have high-level expertise in designing, manufacturing, installation, and commissioning stable and reliable lighting, power supply, medium to low-voltage systems, and other electrical works.

The promise to provide high-quality electrical installation services within a given timeframe at good prices has made us famous and customer-friendly in the industry. Our engineers, site installation experts, and productive participation contribute to the overall project success.

More and more buildings and electromechanical systems are intelligent, and, we are ahead of the learning curve on BMS, Intelligent Buildings Systems, PoE Lighting, and interactive building interface.

Our Electrical Services include (but are not limited to);

- Power Distribution Systems
- LV Electrical Substations
- Alternative Power Generation System / UPS System
- Power Metering & Billing
- Lighting Control Solutions
- Power Generation

PLUMBING SYSTEM SOLUTIONS

FIRE PROTECTION, SAFETY & SECURITY SOLUTIONS

We are a licensed and certified firefighting contracting firm with all major brand equipment, products, and systems sourced from the best manufacturers in the world for fire and safety system installation. We approach each quote with the best and most cost-effective proposal in the industry and aim to deliver it within the time frame specified.

Our certified experts design, supply, install, and commission the most comprehensive firefighting systems for any Fire Protection project irrespective of the size, from new construction, retrofitting of existing buildings, commercial, residential, to free inspections of all types of buildings.

Our Fire Protection Services include (but are not limited to);

- Fire Extinguishers
- Fire Alarm Systems
- Voice Evacuation Systems
- Aspiration Type Smoke Detectors
- Central Battery System (Emergency and Exit Lights)
- Fire pumps

WHAT
WE
OFFER

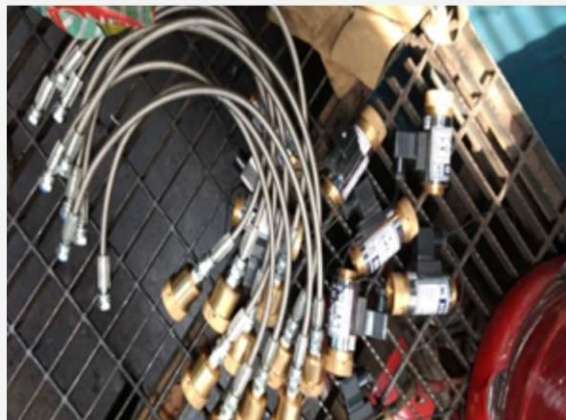

FIRE PROTECTION, SAFETY & SECURITY SOLUTIONS

- Fire Hydrant and Sprinkler Systems (FM 200, Co2 & Inert Gas)
- Deluge Systems (Pre-Action, Foam and Water Spray System)
- Fire detection & notification system
- Battery operated detector
- Gas detection system
- Emergency lighting system
- Wet & Dry Riser
- Planning Liason and licensing
- Annual Maintenance Contract on Firefighting Systems

STEEL FABRICATION SOLUTIONS

We provide complete, comprehensive, and cost-effective steel fabrication solutions (Design, Fabrication, and Installation) aimed at providing quality service to commercial, residential, industrial, and retail sectors. Each project is treated differently, and we take pride in providing versatile and customized solutions.

Atmos Integrated Services Ltd. is sure to meet your exact specifications and deadlines.

We offer a series of products such as distribution panels, Generator Canopy or Soundproof, Containerized solutions, Cable trays & ladders, etc. we also utilize facet panels for building additions using various materials such as laser-cut steel panels and Aluco boards, Foam boards, etc. depending on customer's requirement.

Our customers come from the Construction, Manufacturing, Oil & Gas, Medical, and Telecoms Industry.

WHAT
WE
OFFER

STEEL FABRICATION SOLUTIONS

Our Steel Fabrication Works include (but are not limited to);

- Storage Tanks
- Piping Works
- Enclosures (High Voltage, and Low Voltage)
- Structural Works
- Fire Escapes
- Gates & Railings
- Platforms
- Warehouse Racks, Handrails & Foot rails
- Balconies
- Portal Frames
- Process Pipes
- Barriers
- Steel Facet Doors
- Stainless Steel Wall Backing, Counters & Tables
- Bar drains & Custom Sinks
- Exhaust Hoods
- Chimney Caps
- Duct Work & Ventilation
- Dust Collection System (Design, Installation & Maintenance)
- Welded Duct Work
- Down-Draft Benches
- Ventilation Hoods, Hoppers

PRIORITY ON QUALITY

ATMOS INTEGRATED SERVICES LTD. firmly believes that our systematic and business processes, professionally followed and well accomplished by our enthusiastic staff, clearly indicate our care and continuance in providing high levels of our quality works, customer service, and customer satisfaction.

We strive to consistently provide quality engineering with reliable and efficient maintenance services, subject to total compliance on all necessary statutory and regulatory requirements, and where possible exceed the expectations of our customers.

In ATMOS, we focus on training and development of our staff through adaptability and flexibility to service the constantly transforming business environment, by innovative working techniques and continuously improving the efficacy of our design and building management systems.

We also ensure that all our staff has good knowledge and understanding of our quality objectives, work towards meeting the system requirements and committed to developing processes and promoting new ideas.

We are committed to the established quality management system (QMS), both administrative and operational, to work towards continuous improvement of our quality performance.

PRIORITY ON SAFETY

ATMOS INTEGRATED SERVICES LTD. firmly believes in the importance of health and safe working practices of our employees, as it forms an integral part of the effectiveness and efficiency of our management. In furtherance, as an organization and the employer, we do acknowledge our commitment, so far as is reasonable, in ensuring the health and safety of our employees, public health and not to endanger our environment.

Every managerial and supervisory staff shall apply the organizations' health, safety, and environment (HSE) policy and all legislative provisions in their areas of control and execute all reasonably practicable measures to provide a healthy and safe working environment.

Our commitment to our staff and stakeholders is demonstrated by our management of Health and Safety and our continual drive towards zero accidents and incidents. We are focused on creating a safe working environment where our staff feels empowered to be responsible for their own Health and Safety and that of others.

We create a health and safety culture, where employees are encouraged to take an active role in their occupational health and safety (OH&S).

We also consider that every employee in our organization has an individual responsibility ensuring strict adherence to the company's and all legislative safety requirements and it is their obligation to work with the management in maintaining good standards of Health & Safety.

We build human synergy by collaboration, to amplify the results of each member of our team so that the cumulative outcome exceeds the actual achievements made by each member.
